The Rising STAR Presents the Official ...

“Introduction to Capability Maturity Model^{®1} – Integrated for Systems Engineering/Software Engineering/IPPD Version 1.02”

> Why take our word, when you can witness the unfolding 21st Century Management Paradigm for yourself?

CMMISM as it is popularly known; it is next in the evolution of the family of CMM models. The Software Engineering Institute, Carnegie Mellon University, released Version 1.02 of the CMMI-SE/SW/IPPD in November 2000 as a Technical Report.

As the only transition partner with the Software Engineering Institute in Asia SITARA Technologies offers the Introduction to CMMI course and SCAMPISM assessments. We have the expertise and specialist knowledge to share, on how you can leverage the full potential of the CMMI in your process improvement initiatives.

Raghav S. Nandyal
SEI Authorized Course Instructor

Raghav S. Nandyal has numerous years of consulting, software engineering and management experience. He is among the very few SEI authorized lead assessors on the SCAMPI Method, the Software CMM and the People CMM in the world – the only one in Asia.

He has been a prime consultant, coach and an assessor on Software and People-CMM based process improvement initiatives in leading multinationals worldwide since 1996. He is a respected authority in areas of Software Engineering and Management and is on the international review panel for IEEE Software.

He has trained a number of people in the United States of America, India, Bangkok and South Korea on Software and People CMM. He is currently the Founder and CEO of SITARA Technologies – a professional services Company with focus on strategic management consulting. SITARA Technologies is the only transition partner with the Software Engineering Institute in Asia Pacific on CMMI-SE/SW/IPPD and SCAMPISM.

¹ Capability Maturity Model and CMM are registered in the U.S. Patent and Trademark Office by Carnegie Mellon University

INTENDED AUDIENCE:

- Senior Management & Process Champions
- Software Engineering Process Group
- Software Quality Assurance Team
- Change Agents & Measurement Team

PREREQUISITES:

- ✓ No prior knowledge of CMMI-SE/SW/IPPD is assumed
- ✓ Knowledge of the CMM for Software would be an advantage
- ✓ Participants must have knowledge of systems engineering, software engineering, and management principles
- ✓ This course will fulfill one of the prerequisites for CMMI-Based Appraisal training

COURSE FEES:

For Indian Delegates **Rs. 35,000.00***
For Foreign Delegates **US\$ 950.00***

By Pay Order or Demand Draft ...

Favoring SITARA Technologies Pvt. Ltd. payable at Hyderabad, Andhra Pradesh

* **Early-Bird Offer:** 10% Discount For Registrations Received Before December 19, 2001. Class size is restricted to a maximum of 25 seats on a first-come-first-served basis.

DATES & VENUE:

Introduction to CMMI-SE/SW/IPPD, Version 1.02 (Staged Representation)	JAN 9, 2002 (HYDERABAD)	JAN 11, 2002
	JAN 16, 2002 (BANGALORE)	JAN 18, 2002
Introduction to CMMI-SE/SW/IPPD, Version 1.02 (Continuous Representation)	JAN 23, 2002 (HYDERABAD)	JAN 25, 2002
	JAN 30, 2002 (BANGALORE)	FEB 01, 2002
TAJ RESIDENCY ROAD NO. 1 BANJARA HILLS HYDERABAD AP-500 034 INDIA PHONE: +(91-40) 339-3939, 666-3939	THE TAJ WEST END RACE COURSE ROAD BANGALORE KA-560 001 INDIA PHONE: +(91-80) 225-5055	

COURSE TOPICS:

- CMMI Overview & Introduction
- Engineering Process Maturity: CMMI Principles
- Capability levels & Process Areas of the CMMI Model
- Linking the process areas together
- Interpreting the Application of CMMI
